

**Petition to be Placed on Waitlist  
for Reserved Course**

By filling out this petition, a student is NOT guaranteed a place in a reserved course. The petition is only an indication of the desire of the student to be in the particular course(s). A petition may only be granted provided there is space in the course(s). In cases where there are more petitions than spaces available, the determination will be based on the order in which the petitions were received. All petitions will be reviewed before the reserve is removed and the course is opened to the larger student body.
